00 INTRODUCTORY WORD

We take great pride in our ability to create unforgettable music events in Montenegro. Our focus on producing innovative and dynamic experiences in unique, non-traditional locations has helped us to showcase the natural beauty and cultural significance of the area.

Our commitment to the cultural heritage of Montenegro is at the heart of everything we do, and we are proud to be a vital part of the artistic and cultural landscape of the region. Through our events and videos, we aim to capture the essence of the localities we feature, providing a glimpse into the rich and diverse history and culture of Montenegro.

Fešta Team

01 BARUTANA

The first public event took place on **August 16, 2019**, at Barutana.

Through our project, we gathered **around 350 young people** from Montenegro and **raised 500€** for the **restoration** of the monument through a campaign called "Illuminate Barutana."

With this act, we raised awareness about the existence of the monument and its value.

02 KOLAŠIN

In early 2020, Fešta became a non-governmental organization.

Our **first official event**, “Fešta Kolašin”, took place on **March 7th** at the **Kolašin 1600** ski resort. The event was attended by **approximately 250 people** and reached an audience of **60,000** through a marketing campaign that was achieved with minimal resources.

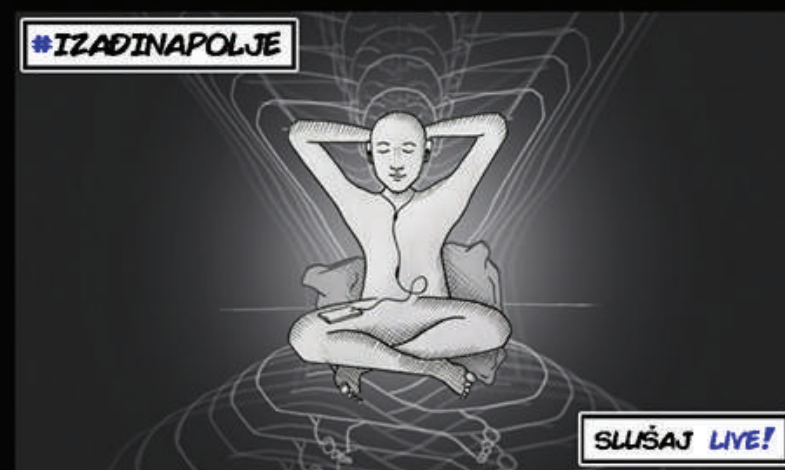

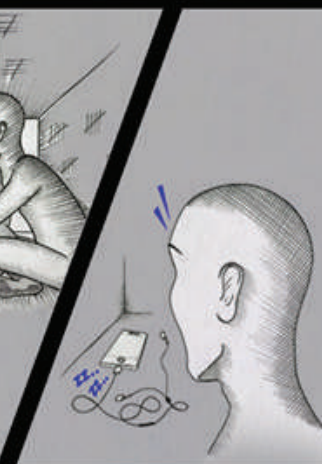

03 FEŠTA LIVE

Fešta LIVE was a smaller project conducted through the Facebook platform, where selected artists performed live from their homes using the live stream option on Facebook.

A total of **9 performances** were carried out, all of which were strictly non-profit, aimed at supporting the “Stay Home” campaign and directly influencing young people to act in that way by providing them with high-quality musical content.
